

## BUILD YOUR OWN CO2 RACER!

# Celebrate Engineering Week with BRJ!

### *When:*

*Feb 20th 5:30-7:30*

*Boys-only*

*Feb 21st 5:30-7:30*

*Girls-only*

*Feb 22nd 5:30-7:30*

*All, Race Night!*

### *Where:*

*BRJ CT Center*

*1033 McCart*

*Crowley, 76036*

*Engineering Labs*

*Rooms 309 & 307*

### *Who:*

*Sue Crouch 5th-6th*

*Engineer Students*

*Amanda Renfro*

*Kyle Christensen*

*Joey Patterson*

With the annual Engineering Week, E-Week, February 19th-23rd, engineering students from BRJ thought it a good time to share some of their excitement and enthusiasm for a future in STEM with the students of Sue Crouch. Boys will attend both the 20th and 22nd, Girls the 21st and 22nd. Our goal is to take your ideas to paint by day 1 with final assembly, testing, and racing on day 2! Please join us for this high octane event. The cost is \$10, will include both days, all materials and tools needed to construct your vehicle, and will be collected the first evening. This make-it, take-it event will be hosted by students and teachers with guest engineers stopping by to share a bit of insight.

Please return this registration to the Sue Crouch front office by **2/12/18**.

Student Name \_\_\_\_\_  
Grade: 5th or 6th                      Gender: **M** (20th&22nd) or **F** (21st&22nd)

Parental Contact Name \_\_\_\_\_

Phone: \_\_\_\_\_
